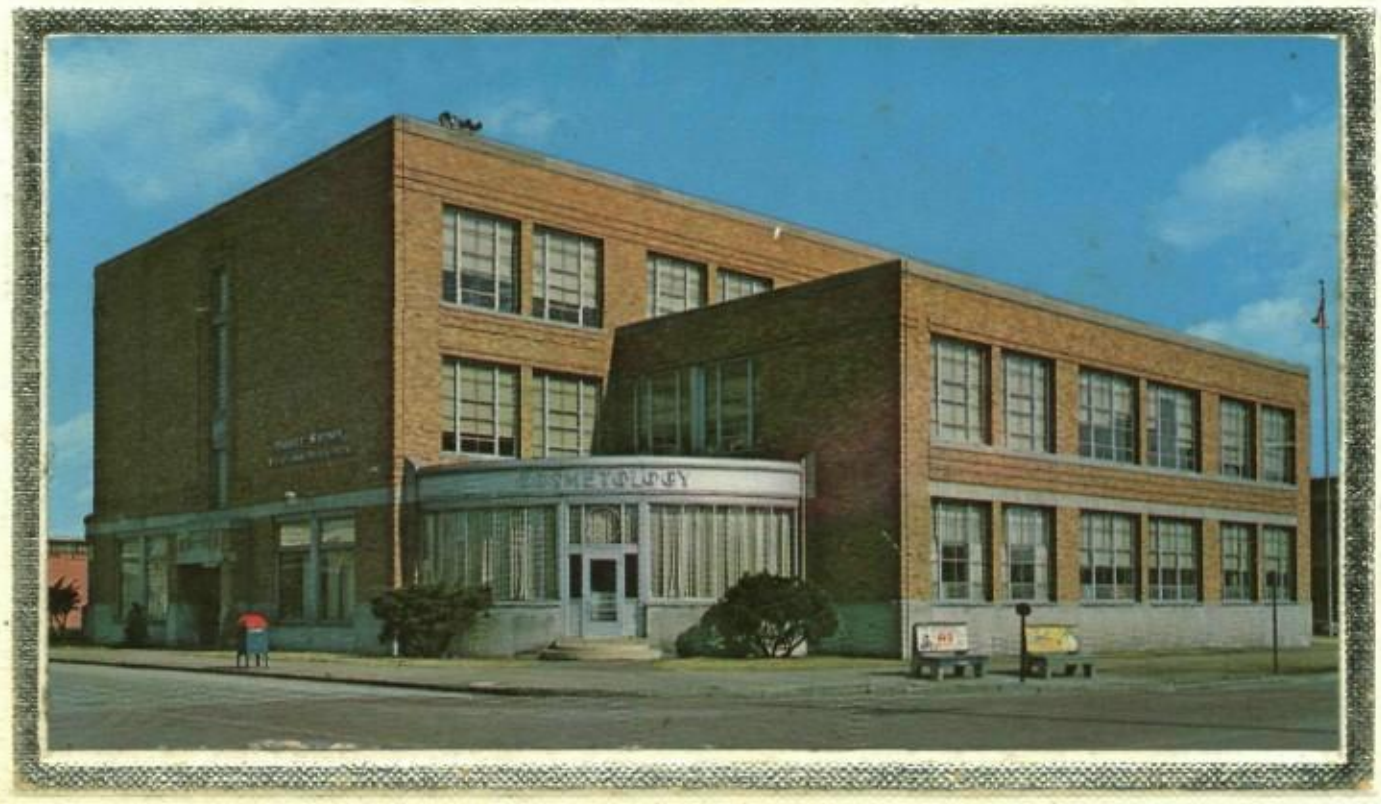
FIRST LADY-196



(Reserved)
FOR W.C.

I don't know exactly how to start, there are so many things I would like to say that words just can't express.

First of all I would like to tell you that I love you from the depths of my heart. You're the most darlingest, kindest, thoughtfulest, lovable, and most wonderful person I've ever met. You mean the world to me. We've shared our many problems and secrets, and we've had many quarrels, but all the time you knew I loved you.

I hope you have finally come to realize just how much I love you. Like the old man said, "You can fall from the highest mountain, down to the deepest sea, but you really haven't fallen in love, until you've fallen in love with me".

Reserved.)

(Personal FOR EARL A.

To Linda,

Linda for almost three years I have known you and the reasons passed I failed to see what I could have had in the terms of a star lady; one of the reasons was that (I believe it or not) I was getting attached to you and the way my mind works that was the end of the affair. I did go out and we were together, this I enjoyed. Linda, you have your life ahead of you and the chance to make the most of it and take your desire to. I want you to make the most of your life. And if I make a fool of myself it will be because I am going to have the chance that I am going to have forgive me. The times that you were going with you are giving me the chance that I wanted out that you let slip through my old stand by Jon, it stands by you and you're it too late? Maybe it is not. but that is nothing. I'm taking you and chances are he is not. I find myself wanting you but myself. I'm taking you and chances are he is not. I find myself wanting you but myself. I'm taking you and chances are he is not. I find myself wanting you but myself

School Songs

Alma Mater

O Whitney High, we'll cherish you forever
From year to year all honor we'll bestow.
The memories are here to stay with all of us,
The friends we've made and goals that we've seen grow.
We stand here now, with honor, pride and loyalty
Our spirits high will match our lofty aim.
Yes, we'll be true in all that you have taught us
O Whitney High, our grateful thanks we pledge to you.

Pep Song

We are the students of dear Whitney High.
We do our work and then we never sigh.
We have a spirit that is hard to beat;
We're always loyal, and we never disagree.
We'll always love the name of Whitney High;
And always try to keep our standards high;
And what we do, we do with all our might,
Our mighty might; Whitney High.

Foreword

"Lost, yesterday, somewhere between Sunrise and sunset, two golden hours, each set with sixty diamond minutes. No reward is offered for they are gone forever."

—Horace Mann

Time Is the Limited Factor

The Creator has given us a valuable asset we so often misuse—time. Many people fail to realize that time is a limited factor in life. It is important that we make every minute meaningful.

Wasted moments are frequently spent by those who spread around their sorrows in a world so full of pain. These persons, desperate for comforting from friends, do not see that their friends may also be seeking sunshine rather than news of rain.

Human beings sometimes have the attitude that time will wait on them. Needless to say, time isn't like a stop watch. The present has to be lived now. We must use time in such a way that we can live with memories.

We should take time to stress the priceless things that make life richer in its meaning. The true necessities of life—love, happiness, peace of mind —can be possessed only through one's ability to obtain them.

The first woman teacher in Toledo, Harriet Whitney, spent a great deal of time helping young minds on to the right road. The knowledge that she contributed to society made her years enjoyable.

Make time benefit you and people around you. Give life a chance to mean more than just a word.

HARRIET WHITNEY

First Woman Teacher in Toledo, Ohio

Mr. Krost, at his desk, begins another full scheduled day.

A characteristic of Mr. Krost's is looking through files for information.

One of the daily activities of Mr. Krost is giving announcements over the P. A. system.

Dedication

To one who . . .

Has demonstrated his devotion to education by accepting the job as principal of Macomber-Whitney.

Has filled a warm place in our hearts as a friend who willingly gives time whenever is asked advice.

Has dedicated the greatest gift—himself—to the continued development of Macomber-Whitney High Schools.

Therefore, with love and appreciation, we sincerely dedicate the 1967 First Lady to . . .

—Mr. David J. Krost

Our First Lady Speaks

"To you—who are completing three years of preparation for employment at Harriet Whitney Vocational High School—go my greetings and good wishes.

"Perhaps I should stop with that, but I cannot refrain from adding a review of the factors which aside from your skill will contribute to success. Let me enumerate these as they have been presented to you many times: democracy, adjustment, foresight, work, a sense of humor, emotional control, health.

"Democracy leads the list because it seems to provide the conditions necessary to the successful fulfillment of the other factors.

"Adjustment, adaptation to circumstances or events that are beyond control, is a basic principle. It does not infer acceptance of conditions which one can alter but does preclude the futile beating of wings against immovable walls of opposition.

"Foresight is that which Santayana avers is the greatest gift of gods to men. It is the ability by which we are able to look ahead and plan a long time course which will lead to success. Only through it can man be master of his fate.

"Work, and the joy in it, is the cornerstone on which our school is founded. No more need to be said.

"Combine with joy in work a sense of humor to lighten the strain, when life becomes tense, and there is provided a safety valve for disturbed emotions.

"All this, of course, presupposes an ability to preserve emotional control. Hate, anger, jealousy, envy are counter irritants leading away from success. Self-discipline and self-restraint are the prerequisites of a happy life.

"Without health all other factors fail except for the most persistent individual who can live above pain. Throughout your three years of school, health has been approached from the positive side. Given healthy bodies at birth, your responsibility is to obey the laws of health that a similar degree is maintained for life.

"I have indicated briefly the factors which with skill have been stressed in your stay at Whitney. May you proceed on the path of employment happy and unafraid!"

These words were written twenty-five years ago by Whitney's "First Lady", Miss Ethel Wooden. They are being used again at this time because they go aptly and beautifully delineate the factors involved in everyday living and the philosophy of your school's faculty and administrators.

I wish for all of you happy, fruitful, useful lives.

—David J. Krost
Principal

MR. DAVID J. KROST, Principal

About three hundred years ago Robert Herrick wrote:

"Gather ye rosebuds while you may
Old Time is still a-flying,
And this same flower that smiles today
Tomorrow will be dying."

During your days at Whitney you have gather lovely flowers to arrange in your memory and keep forever. May these treasured rosebuds give you increasing joy as you continue on your way!

—*Susannah West*
Associate Principal

The time is June 1967. Gay and joyous seniors step into a community vibrant with change, reckless in its consumption of resources, overwhelmed by the complexity and number of inventions, eager in its anticipation of the next creations of mind. This world needs the vigor, imagination, idealism of youth coupled with the wisdom and experience of age to use creatively the achievement of the present, to insure the continuance of the basic concept that all men are created equal.

When your time has run its course, can you think of higher praise than the following taken from an editorial in a national weekly magazine. "He radiated an essential kindness, a warmth and generosity of spirit, a constant concern for the happiness and well-being of others . . . Perhaps the best way to suggest the special quality of his eminence would be to say that he was a committed democrat, a man who understood and practiced in all relationships and taught others to understand, the principles of democratic living."

You are one of the very few girls whom I can actually say has been a very close friend. I always have liked and admired you. You have helped me to understand what true friendship is. I hope our friendship will last or at least until you get married. (Don't get any ideas.) I think the near future. Forever yours,

Shops prepare skits to further the campaigns of candidates.

Every year, for the election of new officers, campaign skits are presented to the student body and faculty by classmates of the candidates. A great deal of time, patience, thought go into the plays and costumes to help promote the office seekers.

Varsity Cheerleaders

Varsity Cheerleaders

Cheerleaders spread enthusiasm and instill a will to win during pep rallies and games. Even when defeat seems imminent, they are the ones who work tirelessly, cheering the team on to the end of the season. Cheerleaders have given much time to practicing and leading students in cheers which promote school spirit. They have been chosen on the basis of personality, appearance, the ability to cheer, plus C average grades.

Journalism is an introductory course to work on First Lady. One semester is required; writing for the paper is also basic.

Duties are explained more fully in the junior year. The senior editor's responsibilities include preparation of copy sheets, dummies, layouts. Her assistants are business manager and a photographic editor. Advisory duties are fulfilled by Mrs. Marian Wells.

The finished product is another fine First Lady in May.

THE HIGH SCHOOL WORLD SCHOLASTIC ROTO DISTRIBUTOR IN PICTURE AND PARAGRAPH

Cooperation is a key work in the production of a school paper. Reporters, editor, readers, advisers, must all work together if publication is to be a true representation of student opinion.

Features add brightness. Clarabelle Clock, Mr. and Mrs. Box, Roving Reporter, frequent the pages of Whit-Miss.

Responsibility is shared by many. Work is done by most. Complaints are made by some. Enjoyment is gained by everyone when the final product is assembled. A small paper with big news—Whit-Miss—is truly a product of cooperation.

The Student Council consists of representatives from the shops.

The Student Council Dance and Mid Term are some of the extracurricular activities that they sponsor. The Student Council helps lift the school spirit by sponsoring Pep rallies and a homecoming assembly.

Student Council's main aim is to improve the student body and the school. Some examples are keeping the halls clean, checking the rest rooms, guarding halls for assemblies, keeping order in halls during lunch hours. Student Council takes the responsibility of publicizing, organizing, many of the activities. Miss Thelma Kruger is adviser.

The glee clubs are under the direction of Mr. Gordon Simpson. Each year tryouts are held for students from Whitney. Those qualified are chosen for the organizations.

The choruses frequently perform for both schools, also for outside programs. Being in the group does mean hard work, although pleasure is included. They sponsor picnics, parties, and sometimes sing for their own enjoyment.

Students from both schools are invited to join the Macomber marching band. They perform at all football games and on special occasions such as Veteran's Day, the Christmas parade, and Memorial Day.

Junior Achievement

Junior Achievement has been in existence since 1919 when Horace A. Moses incorporated the idea of "learn by doing." Achievers start a miniature business from capitalization to liquidation. Junior Achievers learn first hand about business management, production, sales, and how each plays an important part in the free enterprise system.

The Toledo Junior Achievement has been chosen for two years, "Outstanding Program in the United States." Toledo has an enrollment of over 1,200 high schoolers in over seventy companies.

Junior Achievement has given thousands of area students the chance to "learn by doing" and will continue to do so through the help of area businessmen.

Distributive Education Clubs of America concentrate on two main goals: (1) to promote understanding and appreciation for the responsibilities of citizenship in a free, competitive system, (2) to develop a respect for education in marketing and distribution which will contribute to vocational competence. D.E.C.A. is vital in promoting future leaders for these fields. This organization serves as a source of personal satisfaction and achievement for the individual.

V.I.C.A. Coat-of-Arms

Vocational Industrial Club of America is a state-wide organization, the foundation upon which students are given an incentive toward furthering studies in vocational education.

Participation in V.I.C.A. activities help to prepare a student for a satisfying career upon graduation, and gives him the knowledge that is necessary to become a good citizen as well as a good worker.

Lynn

As your
school years
slowly come to
a close, I want you
to look back, over our
friendship and feel as I do
that it will ever last. It's
been at least six or seven years
that we've known each, I hope as we
years go by I will always have your
friendship to cherish. So Lynn keep your
dear personality your friendly pride
and most of all your winning way. I pray
that you're sure to be successful in
all you undertake to do. I hope you
will want to succeed and reaching to the greatest
heights on your own, I wish you all the luck
in the world and I hope your every wish comes true. I
extend your friends, but most of all
I wish you success in all of your undertakings and more. I say
by it wishing success to you and I am sure
you will extend your friendship to many
more in life's journey.

Dear Sir,

I have come across your name and address in the Lonely Hearts Club Magazine and I am writing to you in the hope that you will become my friend.

I am a girl of 19 years of age, 5 ft. 3 ins. in height, with dark brown hair and eyes. I am fond of dancing, theatres, pictures, and all outdoor sports, especially swimming. I am very fond of children and animals, and I have a dog and a cat of my own.

I am employed as a shorthand typist in a large office in the City, and I enjoy my work very much. I am also very fond of cooking, and can make a good pudding.

I would like a friend to write to me, preferably a boy friend, who is interested in the same things as myself, and who would like to correspond with a girl friend.

Yours sincerely,

Joan Smith

(Miss)

My Dear Sir,

A real nice and sweet girl who I have known all my life (I wonder why?) You have always been my friend especially when I needed someone. I am glad to say I have the best of luck and I hope we will be friends as close as we are now. You will always be the luckiest fellow in finding my broken-in-shoe.

Love Always

Yours Sincerely

Patricia Bradford
